

## Technical Data Sheet

# BEKOS Furniture Wax No. 312

Valid from batch #48557

<b>Application range</b>	For interior wooden surfaces such as furniture, doors, wall and ceiling paneling previously treated with LIVOS oils. Not suitable for rough surfaces, floors, or areas exposed to water splashes.								
<b>Technical qualities</b>	Silky-glossy finish when completely dry.								
<b>Full declaration</b>	Carnauba wax, beeswax, larch resin, isoaliphates, orange oil, Dammar resin.								
<b>Color</b>	Clear.								
<b>Dilution</b>	Ready to use.								
<b>Application method</b>	Apply a wafer-thin coat, using a cloth or wax brush. The dried coating must be polished.								
<b>Coverage</b>	1 liter (1.06 quart) is sufficient for approximately 75 - 95 m <sup>2</sup> (807 - 1023 ft <sup>2</sup> ) per coat, i.e. 12 ml/m <sup>2</sup> . Coverage could be considerably less, depending on the condition and absorbency of the surface. Always do a test application first!								
<b>Drying time</b>	At 23 °C (73 °F) and 50 % relative humidity, approximately 24 hours.								
<b>Cleaning</b>	Clean equipment immediately after use with SVALOS Thinner No. 222 or LEVO Brush Cleaner No. 997.								
<b>Specific gravity</b>	0.79 g/ml.								
<b>Safety advice</b>	<table> <tr> <td>P102</td> <td>Keep out of reach of children.</td> </tr> <tr> <td>P301+P310</td> <td>IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a doctor.</td> </tr> <tr> <td>EUH018</td> <td>In use may form flammable/explosive vapour-air mixture.</td> </tr> <tr> <td>EUH066</td> <td>Repeated exposure may cause skin dryness or cracking.</td> </tr> </table>	P102	Keep out of reach of children.	P301+P310	IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a doctor.	EUH018	In use may form flammable/explosive vapour-air mixture.	EUH066	Repeated exposure may cause skin dryness or cracking.
P102	Keep out of reach of children.								
P301+P310	IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a doctor.								
EUH018	In use may form flammable/explosive vapour-air mixture.								
EUH066	Repeated exposure may cause skin dryness or cracking.								
<b>Disposal</b>	According to locally regulated laws.								
<b>Container sizes</b>	0.05 l; 0.2 l; 0.375 l; 2.5 l.								
<b>Storage</b>	Cool and dry. Shelf life: unopened at least 4 years. Smooth the surface, close the lid tightly after use and use the product within three months								
	See reverse for application instructions.								

How to use

## **BEKOS Furniture Wax No. 312**

<b>Preparation</b>	Prime surface with LIVOS oils or LIVOS stains, e.g. MELDOS Natural Resin Hardening Oil No. 264, ARDVOS Universal Wood Oil No. 266, KUNOS Natural Oil Sealer No. 244.
<b>Application</b>	Apply extremely thin and evenly with a wadded cloth or a wax brush. Polish with a cloth, a polishing brush or a random orbital sander with felt pad. Polish in the direction of the wood grain. The better you polish, the more resistant will be the waxed surface! Warning: Coatings that are applied too thickly can produce a sticky surface that is difficult to polish!
<b>Cleaning</b>	For daily cleaning, use TRENA pH-Neutral Cleaner No. 556 diluted with water. Remove dust with a vacuum cleaner or a mop. Rubber abrasion and stubborn dirt can be removed with SVALOS Thinner No. 222 or a saturated application with the Oil-Wax No. 375/376, which should soak in for about 20 minutes, remove afterwards.
<b>Care</b>	When necessary, apply an after-treatment with BIVOS Oil Wax No. 375 once or twice a year.
<b>Renovation</b>	Extremely dirty, worn-out or otherwise damaged areas are to be cleaned thoroughly with TRENA pH-Neutral Cleaner No. 556 (diluted 1:5 with water) and if necessary, sanded. If needed, oil them again with the initial treatment and after that, apply a thin layer of BEKOS Furniture Wax No. 312 and polish.
