

GORGO Natural Concrete Floor Paint

No. 607

- **Bodenfarbe**
- **Peinture Intempéries**
- **Pintura al aceite**
- **Venice naturale resistente alle intemperie**
- **Utvendig oljemaling**

Colored concrete floors in the basement or in halls

Concrete, screed becomes sandy and dirty permanently, if it is not protected with paint.

Dust protection, a slight mechanical strength and water resistance is achieved with the opaque GORGO Natural Concrete Floor Paint.

The standard colors are intermixable, so that a variety of pastel colors are also developable.

A colored design, as shown on the photo above, is possible by taping the edges and very thin applications.

The paint contains linseed oil and castor oil, a thin coating is essential for adequate drying, the consumption is thus very small.

Note also the Technical Data Sheet, available at www.livos.de

Also ask your LIVOS dealer or use our website at www.livos.de as well as our hotline +49 (0) 5825 - 8830.
